Legal requirement
The census of Canada is taken under the authority of the Statistics Act, which requires everyone to provide the information requested.

No one will see the answers you give except for persons sworn to secrecy under the Statistics Act. These persons are subject to prosecution and legal penalties if they disclose personal census information.

NOTE:

The Question Guidelines on this questionnaire should provide the answers to any problems that may arise. If not, don't hesitate to call our Telephone Assistance Service. The numbers to call are listed on this questionnaire and all calls are free of charge.
A message to all Canadians . . .

Every five years Canada takes a census — a national stock-taking of its people and their housing. From the information it provides, we, as a nation, are better equipped to meet the many challenges facing us at every level, national, regional and local.

The answers you give, when compiled into statistics, are used in determining economic and social policies, planning industrial development, and estimating needs for schools, roads and many other public services.

Population figures are used to determine electoral district boundaries, and to calculate per capita grants to provinces and municipalities. For every person who does not initially respond, additional funds must be spent on follow-up procedures. The failure to count yourself in could result in the loss of revenue to your own community.

The Statistics Act, under which the census is carried out, not only defines your obligation to co-operate, but ensures that the information you provide will be kept confidential and used only for the purposes of that Act.

Your co-operation is essential. Please do your part by completing this questionnaire promptly, as of June 3, 1981, in accordance with the instructions provided.

Thank you for your co-operation.

Question Guidelines

Question 1. Refer to the instructions adjacent to Question 1 when considering whom to (or not to) include as members of your household. If you have doubts as to whether a person should be listed, enter the person's name and the reason in the space provided in Question 9.

If there are more than six persons in your household and you do not have a second questionnaire, note this in the “Comments” section of your questionnaire for six persons in your household and return as instructed. A Census Representative will contact you later with an additional questionnaire.

Question 2. To enable us to identify family groups within the household, it is necessary to select a reference person (Person 1), and to state the relationship of each household member to that person. For example, if John Smith lives with his father Thomas Smith, and Thomas Smith has been entered as Person 1, John Smith would mark “Son or daughter of Person 1”.

There may be a member or members of your household whose relationship to Person 1 is not described in Question 2. In such cases, mark either “Other relative of Person 1” or “Other non-relative”, and also print the exact relationship to Person 1 in the space provided.

“Other relative” includes persons such as uncles, aunts, cousins, grandfathers, grandmothers, and so on. “Other non-relative” refers to household members who are not related to Person 1 by blood, marriage, adoption or common-law. Some examples are employee's wife, employee's daughter, room-mate's son, landlord, and so on.

The term “common-law”, as used in “Common-law partner of Person 1” or as may be used to describe any other such partnership in the household (for example, “Lodger’s common-law partner”), should be interpreted as applying to any case of a couple living together in this type of union.

Note that stepchildren, adopted children, and children of a common-law partner should be considered as sons and daughters. Foster children, wards and guardianship children who are not related to Person 1 by blood, marriage, adoption or common-law should be listed as lodgers.

Question 5. Mark “Now married” if you have a husband or wife who is now living, even if you are temporarily living apart because one of you is employed away from home, hospitalized, etc., but not if you are actually separated or have obtained a divorce.

For census purposes, couples living in a common-law type of arrangement are considered as “Now married”, regardless of their legal marital status.

Mark “Separated” if you are separated from your husband or wife due to causes such as desertion or marriage breakdown, or because you no longer want to live together, provided that no divorce has been obtained.

Mark “Divorced” if you have obtained a divorce and have not remarried.

Question 6. You must still understand the language you report in this question. For infants, report the first language they are or will be learning.

Question 8. If your household has more than six persons you will require more than one questionnaire. Please see the guideline for Question 1.

If you are using more than one questionnaire, please answer this question on the first questionnaire only.

Question 9. If you have difficulty determining if a person should be included on your questionnaire, please refer to the WHOM TO INCLUDE item in the column adjacent to Question 1.

Question 11. Special cases

Mark “Owned” if the dwelling you occupy is owned or being bought by you and/or a member of this household even if (a) it is situated on rented or leased land or (b) it is part of a condominium (whether registered or unregistered). For census purposes, a condominium is a multi-unit residential complex in which dwellings are owned individually while land is held in joint ownership with others.

Mark “Rented” in all other cases even if the dwelling you occupy is (a) provided without cash rent or at a reduced rent, such as a clergyman’s residence, a superintendent’s dwelling in an apartment building, etc., or is (b) part of a co-operative. For census purposes, in a co-operative all members jointly own the co-operative and occupy their dwelling units under a lease agreement.

Question 12.

Single and semi-detached house

If you live in what is referred to as a “linked home” (a single house which is not attached to any other dwelling above ground, but is attached below ground), mark “Single house”.

Duplex and apartment

Two dwellings, one above the other, attached to other dwellings are to be considered as apartments and not as duplexes.

Apartment

Do not count as storeys floors that are used solely for parking, storage or laundry and recreation facilities.

If you are in doubt concerning the number of storeys in an apartment building, mark “Apartment in a building that has five or more storeys” if there is at least one passenger elevator in the building. If there is no passenger elevator in the building, mark “Apartment in a building that has less than five storeys”.

Note that storeys, as used in “Apartment in a building that has less than five storeys”, are counted from the floor where the main entrance is located.
INSTRUCTIONS FOR QUESTION 1

ORDER OF LISTING OF HOUSEHOLD MEMBERS

To ensure that all persons in the same family group are listed together, the following order should be used when entering the names of all members of the household in Question 1:

(a) Person 1;
- either the husband or the wife in any married couple living here
- either partner in a common-law relationship
- the parent, where one parent only lives with his or her never-married son(s) or daughter(s) of any age.

If none of the above applies, choose any adult member of this household.

(b) husband or wife (or common-law partner) of Person 1;
(c) never-married children or stepchildren of Person 1;
(d) other children of Person 1, and their families;
(e) other relatives of Person 1 (whether related by blood, marriage adoption or common-law), and their families;
(f) persons not related to Person 1, and their families.

WHOM TO INCLUDE

To make certain that every resident of Canada is counted in the census (and that no one is counted more than once), the following guidelines should be used when deciding who should be included on this questionnaire.

Include
- all persons who usually live here, even if they are temporarily away (such as on business or at school);
- any persons staying or visiting here who have no other usual home;
- persons who usually live here but are now in an institution (such as a hospital, correctional institution), if they have been there for less than six months;
- unmarried persons who have a home elsewhere but stay in the dwelling most of the week while working;
- infants born on or before June 2, 1981;
- deceased persons who were alive at midnight between June 2 and June 3, 1981.

Do not include
- persons who are now in an institution and have been there for the past six months or longer;
- infants born on or after June 3, 1981;
- persons permanently away in the Armed Forces;
- post-secondary students who are financially independent and who live elsewhere;
- unmarried sons or daughters who live elsewhere most of the week while working, even if they return home on the weekend;
- foreign residents (see front cover).

HOUSEHOLDS WITH MORE THAN SIX PERSONS

If there are more than six persons in this household, enter the first six on one questionnaire and continue with the seventh person on a second questionnaire, starting in the row marked “Person 2”.

If you need additional questionnaires, see the guidelines for Question 1.
1. NAME

Using the instructions given on the left, print below the names of all persons usually living here as of Wednesday, June 3, 1981.

2. RELATIONSHIP TO PERSON 1

For each person in this household, mark one box only to describe his or her relationship to Person 1. If you mark the box "Other relative" or "Other non-relative", print in the relationship to Person 1.

Some examples of the "Other" relationships are:

- Grandmother
- Room-mate's daughter
- Uncle
- Employee's husband

For further examples and special cases, see guidelines.

To Temporary Residents
If all members of this household are Temporary Residents (i.e., persons staying here temporarily who have a usual home elsewhere in Canada), enter the total number of temporary residents in this box and do not complete this questionnaire. Follow the return instructions indicated on the envelope which contained this questionnaire.

To Foreign Residents

The Statistics Act, under which the census is carried out, not only defines your obligation to co-operate, but ensures that the information you provide will be kept confidential and used only for the purposes of that Act.

Your co-operation is essential. Please do your part by completing this questionnaire promptly, as of June 3, 1981, in accordance with the instructions provided.

Thank you for your co-operation.

Census statistics tell us that:

- In 1976 the population of Canada was 22,992,604, an increase of almost one and a half million since 1971.
- Between 1971 and 1976 the percentage of married women who were in the labour force increased from 37% to 44%.
- Between 1971 and 1976 the under 30 population decreased to 53.8% of the total from 55.5%.
- Between 1971 and 1976 the number of children in Canada under 10 years old decreased by 450,000. At the same time, Canadians 50 years of age and over increased by 618,000.
- In 1976, 1,205,000 Canadians were living alone, an increase of almost 400,000 since 1971. More than one third (429,000) were 65 years of age and over.
